AUTHOR INDEX
Vol. LIV

	Page
Book, D. T.: A Computerized Method of Determining the Statistical Significance of the Observed Mortality Experience	219
Bornemeier, W. C.: Changes in Medical Education	18
Buck, N. F.: Coronary Artery Disease and Other Chest Pain, A Fourth Report	63
Chalmers, T. C.: Prognostic Factors in Chronic Liver Disease	35
Cochran, H. A., Jr.: Coronary Artery Disease and Other Chest Pain, A Fourth Report	63
Remarks	260
Cook, C. E.: Computer Usage in Evaluating Medical Examiners	126
Deuschle, K. W.: Panel Discussion. Changing Patterns of Medical Care—What Next?	153
Durant, T. S.: Panel Discussion. Changing Patterns of Medical Care—What Next?	153
Earle, L. H., Jr.: A Modification of Testing Procedures for Thiazides and Oral Hypoglycemic Agents	182
End, J. A.: Remarks	7
Farnsworth, D. L.: Drug Users and the Future—Certain or Uncertain?	205
Freis, E. D.: Effect of Treatment on Morbidity and Mortality in Hypertension	113
Geller, W.: The Lymphomas	284
Gubner, R. S.: A Mortality Study of the Significance of Extrasystoles in an Insured Population	91
Guild, W. R.: Coronary Arteries—Old and New	187
Kaplan, H. S.: Hodgkin's Disease	267
Kemp, H. G., Jr.: Clinical Correlates with Coronary Arteriography	195
MacDonald, P. E.: A Computerized Method of Determining the Statistical Significance of the Observed Mortality Experience	219
Martin, J. R.: Welcome	2
Master, A. M.: "Augmented" Master Two-Step Test	42
Pollack, J.: Panel Discussion. Changing Patterns of Medical Care—What Next?	153
Purdy, W. O.: Presentation	262
Rodstein, M.: A Mortality Study of the Significance of Extrasystoles in an Insured Population	91
Seavey, P. W.: Left Axis Deviation—An Electrocardiographic Mortality Study	27
Sexton, T. S.: Opening and Closing Remarks	1,257
Life Insurance Medical Research Fund	59
Shannon, G.: A Modification of Testing Procedures for Thiazides and Oral Hypoglycemic Agents	182
Simmons, V. P.: Remarks	16
Slattery, F. M.: A Computerized Method of Determining the Statistical Significance of the Observed Mortality Experience	219

SUBJECT INDEX
Vol. LIV

	Page
"Augmented" Master Two-Step Test. Master	42
Computerized Method of Determining the Statistical Significance of the Observed Mortality Experience. Book, Slattery, MacDonald	219
Coronary Arteries Old and New. Guild	187
Coronary Arteriography, Clinical Correlates. Kemp	195
Coronary Artery Disease and Other Chest Pain, A Fourth Report. Cochran, Buck	63
Drug Users and the Future Certain or Uncertain? Farnsworth	205
Extrasystoles, Mortality Study on the Significance of. Rodstein, Wolloch, Gubner	91
Hodgkin's Disease. Kaplan	267
Hypertension, Effect of Treatment on Morbidity and Mortality. Freis	113
Left Axis Deviation An Electrocardiographic Mortality Study. Seavey	27
Life Insurance Medical Research Fund A Report. Sexton	59
Liver Disease, Chronic, Prognostic Factors. Chalmers	35
Lymphomas. Geller	284
Medical Care, Changing Patterns. Sodeman, Deuschle, Durant, Pollack	153
Medical Education, Changes. Bornemeier	18
Medical Examiners, Computer Usage in Evaluating. Cook, Spall	126
Medical Information Bureau. Wilberding	8
Presentation. Purdy	262
Remarks: Cochran	260
End	7
Sexton	
Opening	1
Closing	257
Simmons	16
Wood	15
Thiazides and Oral Hypoglycemic Agents, A Modification of Testing Procedures. Earle, Shannon	182
Welcome. Martin	2
